

i>Clicker orientation

SUMMER 2019

How will we use the clicker?

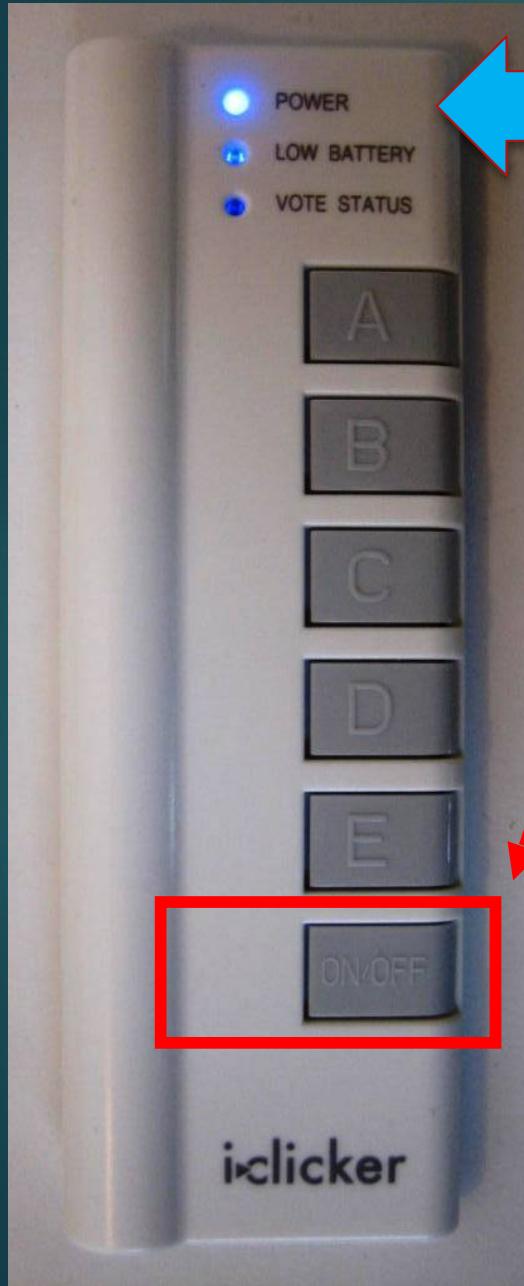

- ▶ Questions will be presented on the screen during lectures
- ▶ Use your i>clicker remote to enter your answer
- ▶ Class results are tallied & can be presented in a graph on screen

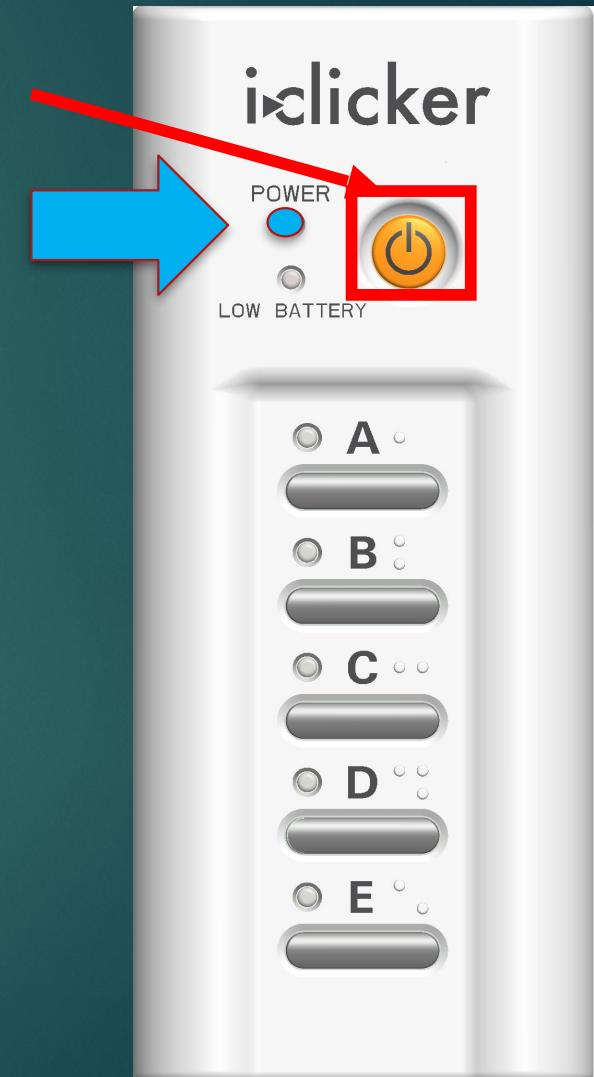

- ▶ Marks may be awarded for correct answers

How do you vote?

- ▶ Turn on the clicker using the “On/Off” button.
- ▶ Check for the blue/green “Power” light at the top.

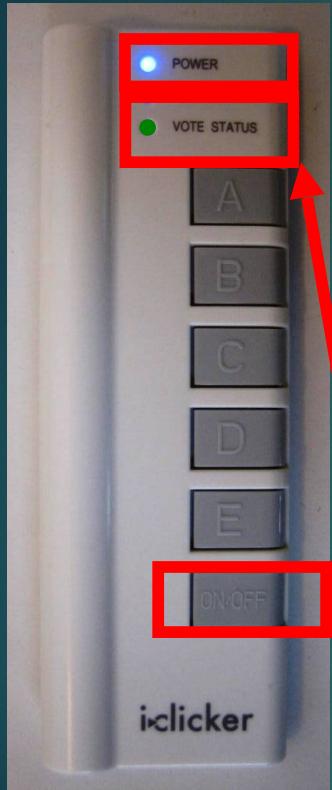

iClicker

Changing the frequency

- ▶ The frequency we'll be using is [class freq]

- ▶ At the beginning of each class, once you see the iClicker toolbar on your instructor's screen:

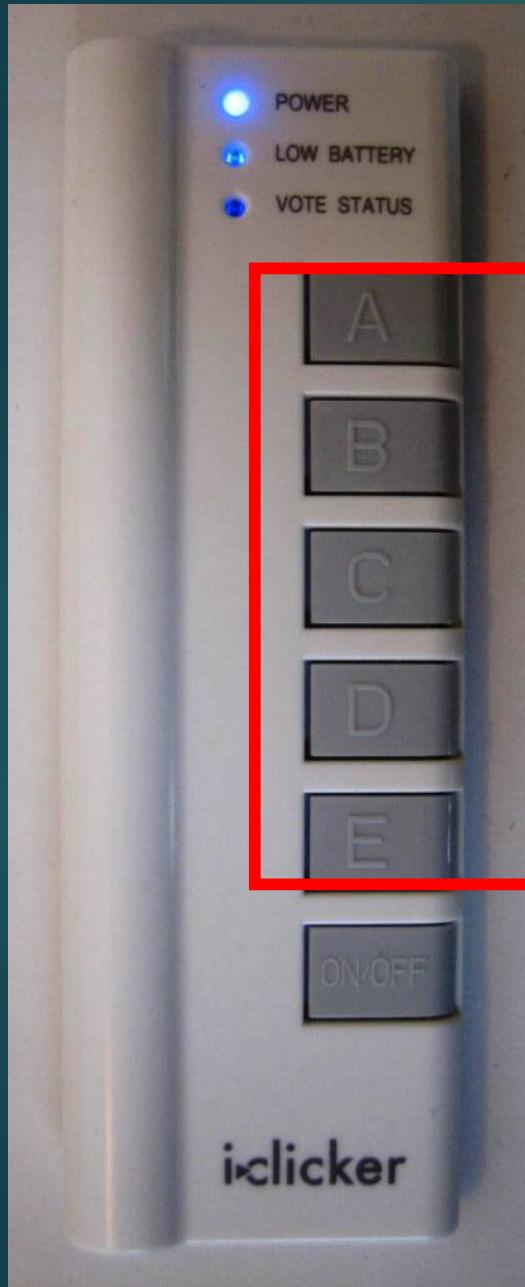

- hold the On/Off button for 2 seconds
- when the blue Power Light flashes, let go
- enter [class freq]
- The "Vote Status" or A-E lights will turn green
- after you've entered this new frequency

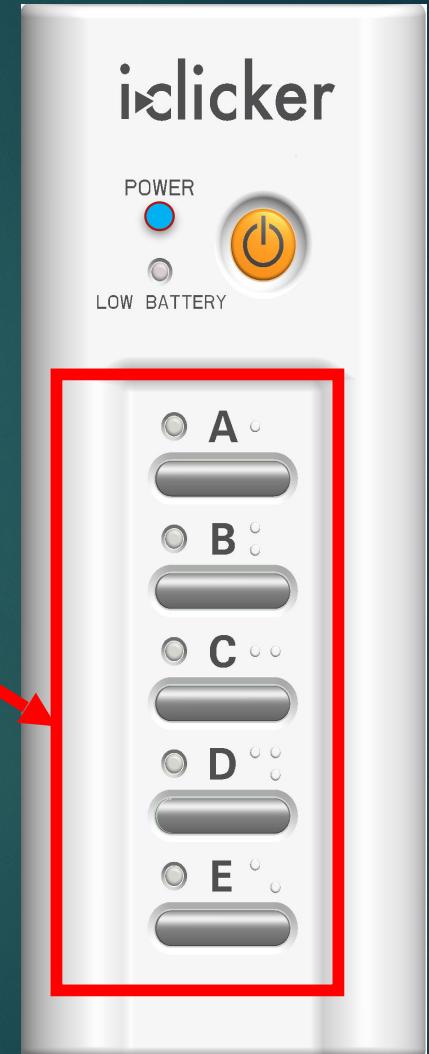

- ▶ Every time you turn on your clicker set the frequency so you can vote

How do you vote?

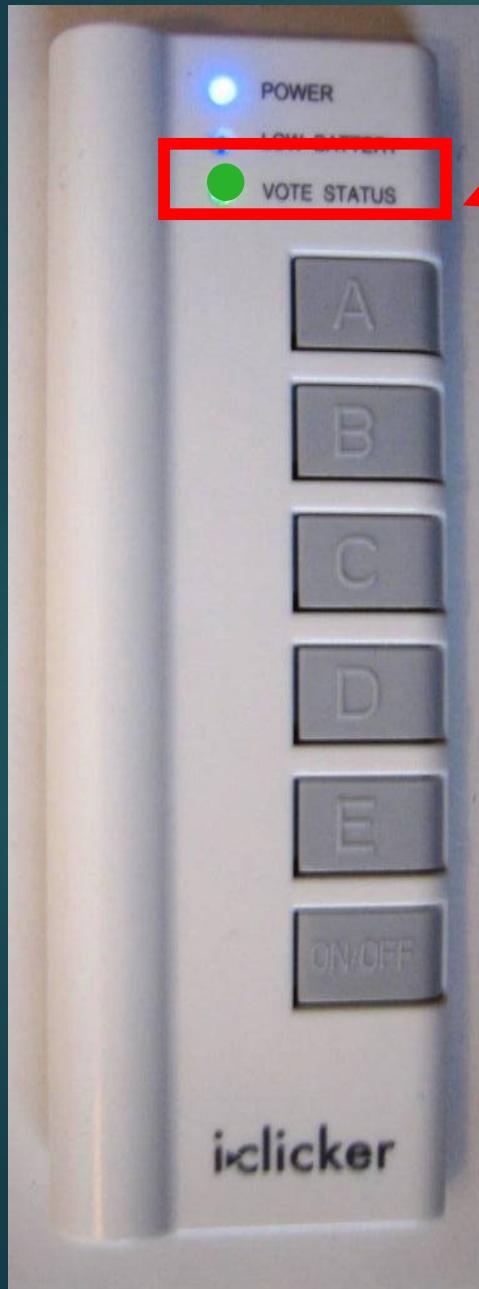

- ▶ When the timer starts after a question is presented, select your answer using the keypad.

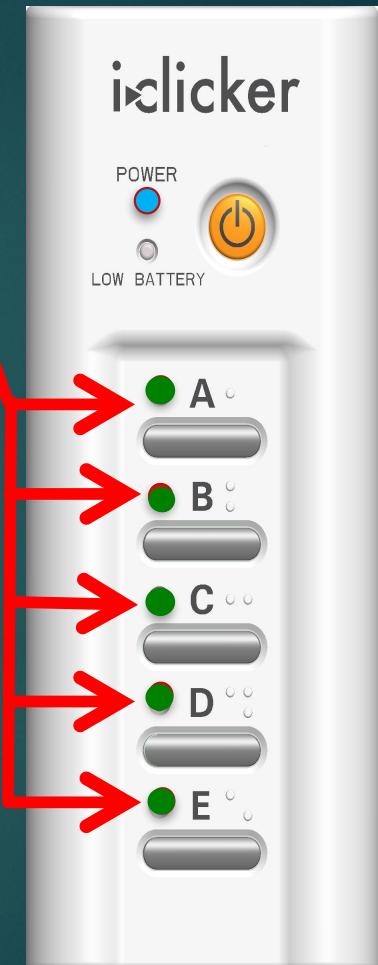

iclicker

How do you know your vote was received?

- ▶ Check your “Vote Status” or the “A-E” lights:
 - green light = your vote was sent AND received
 - red flashing light = you need to vote again
- ▶ Not sure you saw the light?
 - just vote again
- ▶ Want to change your vote?
 - as long as the timer is still going, you can vote again

Using your i>clicker

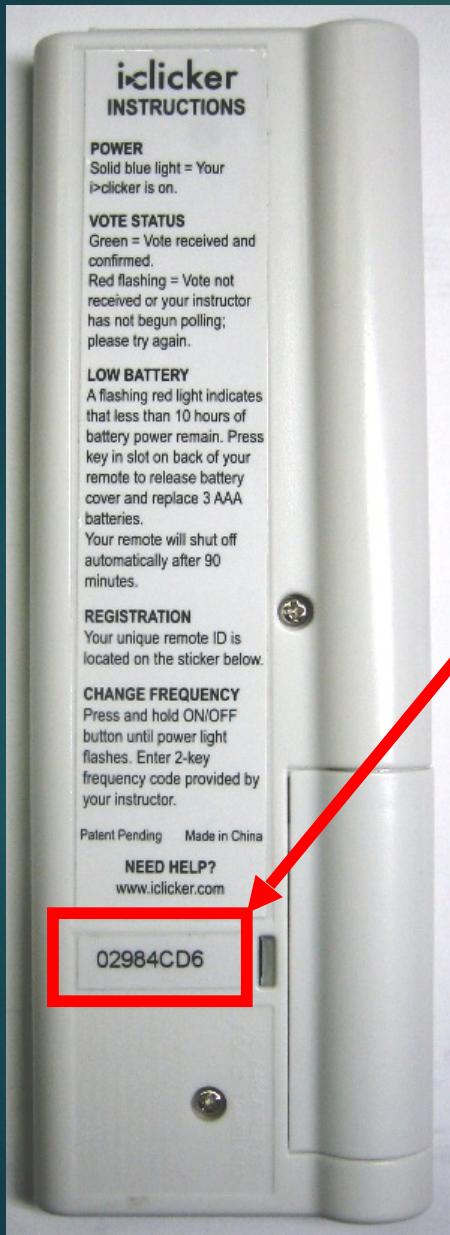

Question 1

I am taking this course as a(n):

- A. degree requirement
- B. elective

Registering your i>clicker

- ▶ Until you register your i>clicker, your responses are tied to your clicker remote ID rather than to you.

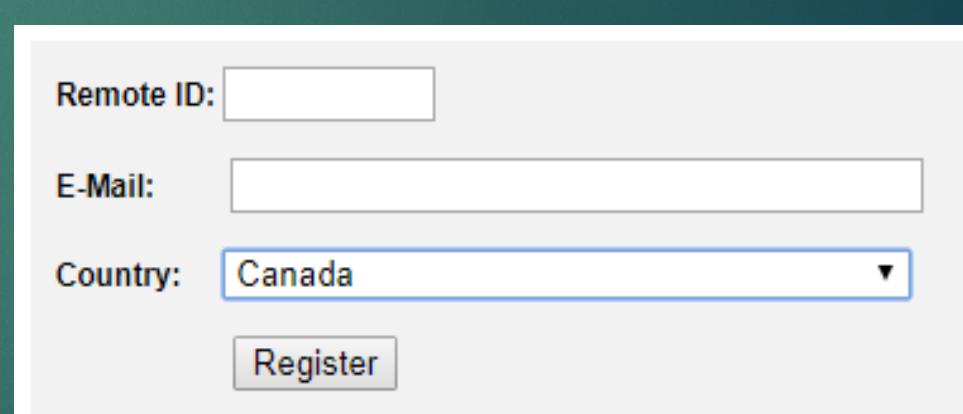

- ▶ Even if you've done the quiz, you won't receive marks unless you've registered your i>clicker.

Registering Your i>clicker

1. Go to the your course website in *Canvas*.
2. Click on iClicker on the course menu.
3. Click on the Registration icon
4. Enter your remote ID, email, and change the country to Canada.
5. Click “Register”

[i>clicker Registration](#)

A screenshot of a registration form. It includes fields for 'Remote ID' (a text input box), 'E-Mail' (a text input box), 'Country' (a dropdown menu set to 'Canada'), and a 'Register' button at the bottom.

Remote ID:

E-Mail:

Country:

REGISTER AT canvas.ubc.ca

Registering Your i>clicker

Register your clicker on Canvas, NOT iclicker.com.

If you mistakenly registered at iclicker.com,
UBC will not have your clicker information.

JUST REGISTER AT canvas.ubc.ca TOO

What if the remote ID is illegible?

- ▶ If your clicker serial number has rubbed off:
 - ▶ 1. Look for a back up sticker in the battery compartment under the first battery.
 - ▶ 2. Go to a special workstation in the Library and use the Clicker ID Finder program. The workstation is usually staffed by Learning & Technology Assistants and they can help if needed.
- ▶ Register your clicker before the next class.

Batteries

Question 2

How many AAA batteries does the remote use?

- A. 1
- B. 2
- C. 3

Batteries

- ▶ If you bought a used clicker, replace the AAA batteries (all 3 of them).
- ▶ If you have an older model clicker, do not use Duracell (they are a bit short for the casing).
- ▶ Before using a new clicker for the first time, pull the plastic tab out of the battery compartment.

Other important notes

- All students will need to register their clicker in **Canvas**.
- Unregister any clickers you don't own anymore
- If you lose a clicker during the semester, keep it registered so you get credit for votes sent from that clicker.
- Tell your instructors if you get a new i>clicker during the term. They will need to update their class lists.

Other important notes

- ▶ Bring your clicker to class every day!
- ▶ Make sure your remote is on when voting!
- ▶ Contact clicker.support@ubc.ca for help.

Acknowledgements

- ▶ Support materials provided courtesy of i>clicker.
- ▶ Adapted for use at UBC by:
 - The Centre for Teaching, Learning & Technology at Vancouver campus
 - The Centre for Teaching and Learning at Okanagan campus
